

## **GATTACA: RWR**

### **Honors Bio:**

Choose a side: “ Is it a good thing or a bad thing to use genetic engineering to move society in the direction of the one depicted in GATTACA?”

Write a 3 page essay (typed, double spaced , 12 point font, 1 inch margins all around) in which you defend your choice. Any references to science/genetics/biology must be accurate. The paper should include direct references to the movie, which give depth and support for your choice.
